Peacock
Garden Supports

The **Pinnups** plant supports are an authentic product, developed by Peacock!

The **Pinnups** « grow » along with the plant

The **Pinnups** plant supports are a unique type of plant support, because they « grow » along with the plant. They consist of separate standard stakes, couplers, support rings, support grids and border edges. Each standard stake holds a coupler adjustable in height, to which support rings, grids or border edges can be attached. As the plant grows you simply slide the plant supports along with it.

How does it work ?

- 1 Push a Pinnups standard stake into the ground next to the plant.
- 2 Put a support ring around the plant and fit the ring into the coupler.
- 3 Slide the coupler to the desired height.

Pinnups can be added to the plant at any time of the year, exactly when the plant needs it. It keeps taller plants together, *elegantly*, and *discreetly*.

Pinnups Stakes

 New

Stakes

The standard stake has a coupler onto which the support ring, grid, border edge or strap can be attached. The coupler can then be easily adjusted to the required height. The standard stake is made from galvanized steel (Ø 7 / Ø 9 mm).

CODE	DESCRIPTION	DIMENSIONS	MIN. QUANTITY
09101	STANDARD STAKE	30" - Ø 7 MM	15
09102	STANDARD STAKE	40" - Ø 7 MM	15
09103	STANDARD STAKE	50" - Ø 7 MM	15
09104	STANDARD STAKE	60" - Ø 7 MM	15
09105	STANDARD STAKE	70" - Ø 7 MM	15

Couplers

A unique attachment for securing the support rings to the stakes. The couplers allow the ring to be moved up and down, so the support 'grows' with the plant.

CODE	DESCRIPTION	DIMENSIONS	MIN. QUANTITY
09400	STANDARD COUPLER	Ø 7 MM, 4 PIECES	10

Twister coupler

This can click on to the side of the plant support, so the support stays in the ground.

CODE	DESCRIPTION	DIMENSIONS	MIN. QUANTITY
09407	TWISTER COUPLER	Ø 7 MM, 4 PIECES	10

6-Holes coupler

This coupler is designed to connect the grid umbrella or 3 support rings onto the stakes.

CODE	DESCRIPTION	DIMENSIONS	MIN. QUANTITY
09408	6-HOLES COUPLER	Ø 7 MM, 2 PIECES	10

Support rings

Support rings support the plant. Attach these to the couplers and then to the standard stake.

CODE	DIM.	MIN. QTY
09210	2"	15
09211	4"	15
09212	6"	15
09214	9"	15
09216	13"	15
09217	15"	15

Support rings ½-circle

Two support rings ½-circle form a circle when put together with two support stakes. They give support to bushy plants such as (*daisies*).

CODE	DIM.	MIN. QTY
09222	18"	15
09223	21"	15
09224	25"	15

Support ring 1/3-circle

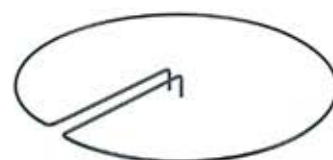

Three support rings 1/3-circle form a circle when put together with three support stakes. They give support to bushy plants such as (*daisies*).

CODE	DIM.	MIN. QTY
09230	32"	15

Support rings centred

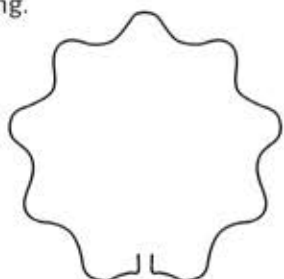

The support ring circle centred holds the plant steady from the middle. Appropriate for plants in flowerboxes.

CODE	DIM.	MIN. QTY
09251	12"	15
09252	16"	15

Support rings scalloped

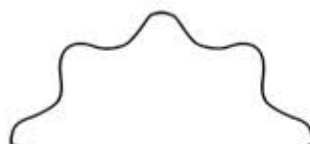

Due to its scalloped form, the plants will loosely arrange themselves within the support ring.

Mini Pinnups Stakes

STAKES THAT «GROW» WITH THE PLANTS

Mini Pinnups are stakes that «grow» with the plants and are the smaller version of the **Pinnups** support stake, commonly used in ornamental gardens. **Mini Pinnups** consist of a stake with a sliding coupler that acts as a support ring. As the plant grows, you move the sliding support ring forward. In this way, the stake «grow» with the plant. There are different lengths of stake and different diameters of support ring, so that each plant has its own adapted support.

Mini stakes

The stake is fitted with a coupler that allows the ring or stem to be slid into it. Simply position the coupler at the desired height. The stake is made of galvanized steel (4.5 mm).

CODE	DESCRIPTION	DIMENSIONS	MIN. QTY
17101	MINI STAKE 4,5 MM	16"	15
17102		20"	15
17103		24"	15
17104		30"	15
17105		35"	15

Mini coupler

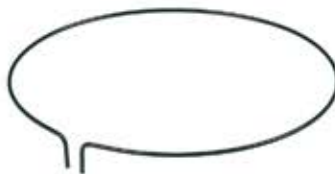

The coupler connects the ring to the stake. As the height of the ring is adjustable, the support "grows" with the plant.

CODE	DESC.	MIN. QTY
17400	MINI COUPLER 4,5 MM (4 PIECES)	10

Mini support rings circular

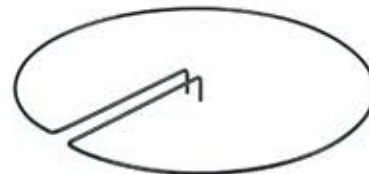

The rings serve to support the plant. Simply slide them into the stake coupler.

06603		39"	10

Twiggy

Twiggy Stakes

New

Orchids are easy plants to care for. All you need to do is immerse them in water once a week, which is usually enough to enjoy these beautiful flowers for a long time to come.

Benefits : orchids often flower for a long time. However, when the flowers become too heavy, the stems can bend. The **Mini Twiggy** support is designed to help. This little stake is fitted with three flexible stems around which the orchid can be wrapped, to support the plant where it needs to be.
